November 11, 2024

Dear Maine Consolidated Families:

Earlier this week the Arizona Department of Education released the 2023-24 A-F School Letter Grades for all public schools statewide. These reports provide information about student achievement and growth, as well as other key areas of interest to families and the general public. A-F Letter Grades are awarded to Arizona school districts yearly.

We are proud of the daily efforts of our dedicated staff to provide our diverse students with meaningful learning experiences and the support needed, we are encouraged by the growth made by many of our students. While we are seeing many positive trends in the data, it is clear that we have much work to do to ensure our students achieve their full potential. There are a number of areas where our students performed well, at the same time there are areas where we can improve.

Maine Consolidated School District A-F 2022 School Letter Grade: **A (total points 94.66)**

As a district, our focus is on continuous improvement and ensuring our students are prepared for their next educational endeavor. Our focus moving forward is on accelerated learning across our grade levels and school. Maine Consolidated teachers and staff are ready and driven to ensure our students have the resources and support they need to truly flourish.

Congratulations!

Thank you, families, teachers and staff for your continuous support; very proud to be a mustang!

If you have any questions, please let me know. jroberson@mcsdio.org or 928.606.8240.

Kind regards:

Dr. Justin Roberson
Superintendent
Maine Consolidated School District
